China (Guangzhou) Int'l Fasteners & Equipment Exhibition/ Fastener Fair Mexico/ Fastener Expo Shanghai 2018

Fastener Fair Mexico

June 20 - 21, 2018

After three successful editions in Mexico City, Fastener Fair Mexico will move to Guadalajara, looking to better serve the Mexican marketplace in need of industrial fastener and fixing solutions. Fastener Fair Mexico 2018 will be held June 20-21 at Expo Guadalajara.

According to ProMexico, market opportunities in the State of Jalisco involve major manufacturers in key industries, including: Aerospace, Automotive, Medical Devices, Electrical/Electronics, Household Appliances, Infrastructure/ Construction, IT and Mining.

"We produce Fastener Fair in seven countries and this will be the first time we bring this event to Guadalajara, a city full of opportunities," said Melissa Magestro, Executive VP of Mack Brooks Exhibitions Inc., organizer of the event. "We are expecting to attract over 2000 industrial fastener buyers, engineers and distributors. It is a great opportunity to connect with fastener buyers and distributors at Latin America's only dedicated industrial fastener exhibition."

Fastener Fair Mexico 2017 was attended by over 2,225 top decision-makers from Mexican manufacturing industries such as automotive, aerospace, construction, mechanical, and consumer electronics along with fastener distributors and wholesalers.

Fastener World Inc.

(Booth: 334)

Fastener World Inc. is a professional magazine publisher for fasteners, hardware, and industrial components industries. Dedicated to relevant industries for more than 30 years, Fastener World continues to play a vital role in helping industry professionals increase their brand awareness, strengthen presence in the global market, and establish partnership with int'l customers.

Highlighted products: Fastener World Magazine, China Fastener World Magazine, Hardware & Fastener Components Magazine, Emerging Fastener Markets Magazine, and Fastener World Europe Edition.

Website: www.fastener-world.com.tw Email: foreign@fastener-world.com.tw

KING YUAN DAR Metal Enterprise Co., Ltd.

(Booth: 434)

Highlighted Products: Three-dimensional Vibration grinding machine-4P, Heat treatment furnace.

Website: www.fastener-world.com.tw/kyd

E-mail: ling.tsao@kydmetal.com

FUKUNG Hardware Co. Ltd.

(Booth: 332)

Highlighted Products: Automotive Fasteners, T Bolts, Special Screws, Stainless Steels Bolts, Industrial Fasteners, Shafts & Pins.

Website: www.fukung.com.tw

E-mail: enquiry@fukung.com.tw

Home Soon Enterprise Co., Ltd.

(Booth: 330)

With 35 years of know-how, Homesoon is a professional manufacturer and one of the best suppliers in Taiwan. Our selection of products includes screwdriver bits, bit holders, nut setters, sockets, hex keys and various hand tools satisfying customers in a variety of automotive and construction related industries and OEM sectors.

Highlighted Products: Fastener Driving Tools and Accessories

Website: www.homesoon.com.tw E-mail: home.soon@msa.hinet.net

Sheh Fung Screws Co., Ltd.

(Booth: 231)

We are a fully vertically integrated screw manufacturer with dedicated sales, quality and R&D teams providing high quality products and outstanding customer support. From acquiring raw material, to forming, heat treating, electroplating, coating and finally packaging, we emphasize on product innovation, quality and efficient production to meet the demands of customers.

Highlighted Products: Roofing Screws, Concrete Screws, Decking Screws, Wood Screws, Self-Drilling Screws, Drywall Screws, Chipboard Screws, Self-Tapping Screws, Machine Screws, etc.

Features: Superior Kaitex® coating will outlast the competition, even in the harshest environments. We provide various coating colors to match the object to establish a beautiful environment. Multiple design features work together to give faster installation time with a cleaner surface finish.

Purpose of exhibiting: South America have unlimited potential on manufacturing industry. We expect to discover more business opportunities here!

Website: www.shehfung.com E-mail: shehfung@shehfung.com

Metal Fasteners Co., Ltd.

(Booth: 331)

Metal Fasteners Co., Ltd is a professional manufacturer of self-clinching fasteners for sheet metals and threaded inserts for plastic injections parts. We offer most competitive prices, best quality and on-time delivery to meet clients request.

Highlighted Products: Self-Clinching Fasteners, Brass Inserts, Rivet Nuts, CD Studs.

Features: The parts are installed by placing them in punched holes in sheet metals and squeezing them into place and there is no need to use screw driver tools.

Purpose of exhibiting: To find clients in the South American market to collaborate with.

Fastener Expo Shanghai 2018

June 20-22, 2018

The Shanghai Greater Hongqiao Area is destined to become the focus of the fastener industry in China and even the world in June, 2018. After 8 years of unremitting efforts, Fastener Expo Shanghai 2018 has been successfully created as one of the global fastener platforms. According to the organizer, "The scale of expo and the number of exhibitors are the core competitiveness that attracts nearly 25,000 visitors from 80 countries and regions at home and abroad. This core competitiveness is the solid foundation for the success of the Expo since its establishment, and it is also driven by purchasing demands of many domestic and foreign buyers visiting the Expo".

It is expected that the size of the Expo, one of the 3 largest fastener shows in the world, will hit a new record high. The Expo will also attract the participation of about 100 overseas brands from 14 countries and regions. For example, the fastener production enterprises: Japanese socket center, American ND, French Gardette, German Inovan; moreover, the fastener production equipment enterprises: German Wafios, British Aerospace, Italian Sacma, Japanese AsahiSunac, etc. The Expo is really a global brand event, and will bring more diverse and international trade choices to visitors. And it is also convenient for domestic fastener enterprises to get to know the advanced technologies and products of fasteners in the world.
