International Fastener Expo

(Oct. 31-Nov.01, 2018)

The 2018 International Fastener Expo (IFE) will take place October 30-November 1, 2018 at the Mandalay Bay Convention Center in Las Vegas, NV, USA. This year's event is expected to draw over 800 manufacturers and 5,000+ attendees from around the world. It is the largest and most diverse gathering of fastener and industrial professionals in North America and serves all reaches of the supply chain, from manufacturers to distributors to end users.

IFE announces that for the first time, the show will open its exhibit floor a half day early, Tuesday, October 30 from 1:00 – 4:00 pm for Preview Day followed by two full exhibit days on Day 2 and Day 3. Opening half a day early allows extra time for IFE's exhibitors to step away from their booth to network and meet with suppliers within Machinery & Tooling and SourceGlobal without it affecting their business when the show officially opens on Day 2.

On Preview Day, attendees and exhibitors will only have access to the Machinery & Tooling area and SourceGlobal, the show section devoted to international factories. At SourceGlobal, distributors and master distributors of fasteners and other related industry products (machinery, tooling, software, etc.) can explore new suppliers and products for their business. You can find more information about SourceGlobal at www.fastenershows.com.

IFE will once again kick off the show with their annual Welcome Reception, Tuesday, October 30 from 6:00 – 8:00 pm at the Daylight Pool of the Mandalay Bay Resort & Casino. Attendees and exhibitors can mix and mingle amongst their peers while listening to a live DJ, enjoying light appetizers and two hours' open bar. This is also an excellent networking opportunity for exhibitors and attendees to meet and develop fruitful business relationships before the show.

An event not to be missed is the IFE Awards Ceremony taking place on Wednesday, October 31 from 2:30 – 3:30 pm in the Sessions Corner area on the show floor. Running for 37 years, the "Hall of Fame" award recognizes and honors stand-out professionals who have made significant contributions to the fastener industry. The ceremony will also commemorate the winner of the "Young Fastener Professional" award which is presented to a professional under 40 who has shone through their engagement in advancing the industry.

For three days IFE is offering a comprehensive seminar track of sessions and workshops over the course of the show. There will be a full day of educational sessions on Day 1 and various 30-minute-to-an-hour sessions on the show floor during the rest of the show. A full list of sessions and workshops will be available on IFE's website in July.

Participating for the first time this year is the European Fastener Distributor Association (EFDA), bringing 19 European distributors and delegates to visit IFE. EFDA represents 170 European-based innovators with collective sales of more than 4 billion Euros.

To register for IFE, visit www.fastenershow.com. For information on exhibiting at this year's event, contact Joseph Woo at +1.323.817.2249 or visit www.fastenershows.com.

Fastener Poland

(Oct. 16-18, 2018)

Preparations for Fastener Poland® have started! On 16th-18th October 2018 at the EXPO Krakow International Exhibition and Convention Centre, the exhibitors and visitors will have opportunity for the second time to present their offer, target potential business partners, initiate cross-border contacts and long-lasting co-operations, exchange experiences.

The 1st edition of Fastener Poland Trade Fair, which took place on 28th-30th November 2017, fulfilled the expectations of even the most demanding visitors. Up to 68% of exhibitors were companies from foreign countries, including China, the Czech Republic, Denmark, Spain, the Netherlands, Germany, Slovakia, Slovenia, Taiwan, the UK, USA and Italy. The Fair had nearly 11 thousand visitors, 25% of whom were from foreign countries. Visitors represented such industries as metal processing, automotive, joinery, construction, furniture and others.

The 2nd Fastener Poland® Trade Show will be accompanied by interesting seminars, workshops and conferences, including the 2nd edition of the Fasteners Congress. Recruited from among top industry experts, speakers will discuss the latest solutions in the use and application of fasteners and specialist tools.

Fastener Shanghai

(Sep. 26-29, 2018)

Fastener Shanghai – Shanghai Fastener & Tech Show 2018 will take place at Shanghai New International Expo Center, China. Concurrently held with Asia's largest and most international trade fair for wire and tube industries – wire & Tube China, Fastener Shanghai – Shanghai Fastener & Tech Show 2018 is designed to open up upstream and downstream channels to create a one-stop sourcing platform for fastener products, manufacturing equipment and raw materials.

Products to be showcased at this high-quality platform will mainly focus on the following categories: standard and non-standard fasteners, fasteners in various industries, manufacturing skills of fasteners, supporting facilities of fasteners.

In addition, Fastener Shanghai – Shanghai Fastener & Tech Show 2018 will also present special regional pavilions, such as Pinghu, Jiashan, etc. demonstrating their local industrial advantages.

The biennial Fastener Shanghai – Shanghai Fastener & Tech Show is set to be one of the most important gatherings in the fastener industry. It is estimated that 3 events (including Fastener Shanghai – Shanghai Fastener & Tech Show 2018, wire China 2018, Tube China 2018) will attract 46,000 professional visitors from 95 countries and regions. Whether you're here to source, find partners, or familiarize yourself with the Chinese fastener market; your expectations will surely be met at Fastener Shanghai – Shanghai Fastener & Tech Show 2018.

Torque-Expo Coventry

(Oct. 03-04, 2018)

Torque-Expo Coventry won't simply be a busy buying and selling venue for the fastener and tool industries this October – it will also be a key time and place for the industry to come together to network.

In fact, the networking opportunities have been ramped up for the fastener, tool and related industries show, with the return of the well-established Gala Dinner as well as the introduction of the brand new exhibitor networking drinks reception.

STANLEY, DeWalt, STAHLWILLE, Gedore Torque Tools, BAHCO and FEIN are among the big tools brands making their debut at Torque-Expo this year. Through them and many more tools names, the show will present a greater mix of fastener, tool and related industries than ever before.

The change of venue for 2018 puts Torque-Expo Coventry in the heart of Britain, close to the core of the UK industry, ideally located and suited to hosting the show. With excellent access by road and within a two hour drive of 75% of England's population, the show will take place in a busy, vibrant and – for much of the industry – familiar venue which is perfect for buying and selling.

Torque-Expo Coventry is not just for UK wholesalers and brands to exhibit? We've already got a number of quality exhibitors from Europe and beyond, including Bralo, FAR Srl and FIXI Srl, among others.

Torque-Expo covers the distribution market for: Fasteners, Fixings and Adhesives, Hand and Power Tools, Hardware and Architectural Ironmongery, DIY Products, Locks and Security, Trade Displays and Shopfittings, Abrasives and Lubricants, Clothing, Safety and Janitorial, Consumables, Other associated products, IT and Support Services.

Connect to the fastener, tool and related industries with Torque-Expo Coventry, 3-4 October 2018, at the Ricoh Arena, Coventry.

Metalex Vietnam

(Oct. 11-13, 2018)

During October 11-13, 2018, in Ho Chi Minh City, Reed Tradex will introduce the 12th edition of "Metalex Vietnam 2018" which is an international exhibition on machine tools & metalworking solutions for production upgrade, and co-located with "Nepcon Vietnam 2018" which is a special exhibition on SMT & testing technologies, equipment and supporting industries for electronics manufacturing.

By stepping up to two digits years, the company has annually attracted over 30,000 quality visitors, covered 2 biggest economic hubs of Vietnam which are Ha Noi and Ho Chi Minh City. Not only exhibitors, but also visitors have joined these exhibitions to explore the technologies, and to hold the informational and educational conversations throughout the forum and seminar during the show. One of the company's key success points is the passion to make exhibitors confidently continue participating in their exhibitions through not only the specialized content, but also the good preparation, comprehensive marketing plan to deliver the right targeted partners to all the participants. With 12 years of experience in Vietnam, all industrial part-making factory owners, engineers, production managers, and industrialists have always been trusted to exhibit in these events as the "Community Platform" to source new solutions, new parts, new suppliers, new partners, and new knowledge to keep up or lead the change that the promising future of AEC will bring.
