## M-Tech Osaka

10/03-10/05

Manufacturing World Osaka 2018 is coming back at INTEX Osaka with the largest scale in its history. The number of exhibitors in 2018 is expected to reach 1,380. This figure is the largest ever in the history of Manufacturing World Osaka. The number of visitors is expected to be 40,000 and they will pack the show floor during the 3-day event.

As one of the concurrent shows, M-Tech Osaka gathers all kinds of mechanical parts such as bearings, fasteners, mechanical springs and metal and plastic processing technology. M-Tech Osaka attracts a significant number of professionals from design, development, manufacturing, production engineering, procurement and quality control departments.

## China International Hardware Show

10/10-10/12

The annual China International Hardware Show is now clearly established as the world's second largest hardware show after the International Hardware Fair Cologne in Germany and provides access for global hardware manufacturers to growing markets in Asia. Once again, CIHS 2018 will cover an exhibition area of more than 150,000 square meters for over 3,000 exhibitors and expect more than 50,000 international and local visitors (manufacturers, service providers, buyers and industrial professionals from the tool, building hardware, mechanical and electrical equipment industry).

The countries and regions with the strongest participation are Germany, Taiwan and India, and the space of India Pavilion will be even doubled compared to the last edition. The United Kingdom and Switzerland will debut at CIHS 2018, introducing unique local products and technologies to the Chinese market.

## Taiwan Hardware Show

10/17-10/19

420 Taiwanese top manufacturers will convene at the country's biggest hardware exhibition, Taiwan Hardware Show (THS) on 17-19 October this year at Taichung International Exhibition Center. The convergence of OEM, ODM and OBM with different production niche at one venue will ease the process of finding new potential business partners for the 35,000 local and international customers that want to procure or have their products manufactured in Taiwan's largest hardware industries cluster region.

A direct business matching service is provided to assist visitors in meeting the most relevant manufacturers and suppliers exhibiting at THS. Taiwan's trusted manufacturers at THS are able to meet the brand aspirations and quality level desired by customers worldwide as their high-demand products are utilized in the automotive repair, precision instruments, mechanical equipment, aviation, construction, transportation, shipbuilding, electronics industries and others.

## International Fastener Show China

10/21-10/23

In order to keep up with the development of fastener industry and market, and promote the fastener manufacturing enterprises to transform and update, Shanghai Fastener Industry Association will hold International Fastener Show China with Shanghai Afastener Exhibition Co., Ltd. The goal is to make IFS China one of the most commercially valuable and influential fastener shows around the world.

IFS China will attract the manufacturers of fastener, machinery, mold and consumption, fastener buyers, distributors and wholesalers at home and abroad to join the show. IFS China 2018 is the international exhibition for global colleagues in the fastener industry, which will fasten the relationship among us, giving us a platform to show ingenuity and pursue dreams.
