**Taiwanese Exhibition Agency: Fastener World Inc.**

compiled by Fastener World Inc.

## Fastener Expo Shanghai

**Date: Jun. 19-21, 2014**

**Shanghai World Expo Exhibition & Convention Center**

**Fastener World Inc at: 2H26**

Exhibitor application for 2014 Fastener Expo Shanghai is coming to an end, and over 70% of booths have been reserved. The organizer is making the final spurt for the remaining booths. Since the booth was open for registration in last December, reservation rate has skyrocketed and registered booths have increased by the seconds. Up till January 10, total reserved booth number reached 1,295, with customized booths area totaling 8,694 square meters. As one of the most influential exhibitions, Fastener Expo Shanghai demonstrates good efficacy, geographic advantage of being the center of global economy exchange, a large number of visitors and value of onsite purchase orders, and large consumers market, continuing to attract other renowned fastener brands to join.

## China International Hardware Show

**Date: Sep. 18-20, 2014**

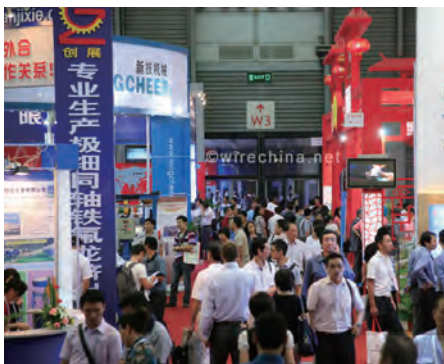

**Shanghai New International  
Expo Centre**

The last edition of the show attracted 2,800 domestic and foreign hardware corporations as well as 50,000 visitors, among whom 3,500 foreign visitors came from 90 nations (40% were European and American buyers) and 47,000 domestic visitors consisted of 30% traders, 32% end users, 20% hardware agencies & distributors, and 13% retailers of hardware/building material/home appliance. In 2014 with the standalone kitchen & sanitary product fair, the show scale will expand to 120,000 square meters, with the exhibitor number going up 20% and the visitor number going up 25%. The show continues to focus on construction hardware, locks, and security products. Furthermore, it will promote innovative products, call for low carbon discharge, and increase service level.

## All China International Wire & Cable Industry Trade Fair

**Date: Sep. 24-27, 2014**  
**Shanghai New International Expo Centre**

Wire China 2014 is now open for exhibitor application and receiving active response from current and new applicants. So far, more than 240 domestic and overseas brands have confirmed to exhibit. To broaden the show's influence, the organizer will continue to scale up and invite more foreign visitors and buyers. In addition, the organizer is planning to invite Korea, Malaysia, Japan, Vietnam, Indonesia, Nepal, Thailand, and India to form a procuring team to this show. The area of the show this year is 57,500 square meters covering 5 venues from W1 to W5. Compared with the 1st edition back in 2004, the scale of the show has grown over 3 folds. The growth in the last decade not only demonstrates the vibrant energy of China's market but also bridges the exchange between domestic and overseas companies.

## M-tech Tokyo

**Date: Jun. 25-27, 2014**  
**Tokyo Big Sight**

M-tech Tokyo showcases fasteners, bearings, mechanical springs, and metallic plastic processing technology. The number of registered exhibitors has surged 170% to 2,100 companies. To cope with increasing exhibitors, the show will scale up and use not just the east venue, but also the west venue for the first time. The number of participating experts, users, and corporate personnel is estimated to reach 78 thousand people. M-tech Tokyo grows fast in exhibitor numbers. This year, the number of exhibiting nations will set a new record, reaching 25 nations gathering 250 overseas exhibitors, among which the largest proportion comes from China, Taiwan, and Korea accounting for 15% of total exhibitors. Don't miss this chance if you want a lion's share in the Japanese market!

## Manufacturing World Osaka 2014 (M-tech Osaka)

**Date: Sep. 24 (Wed.) - 26 (Fri.), 2014** **INTEX Osaka**

"Manufacturing World Osaka 2014", which is Western Japan's largest trade show for the manufacturing industry, will be held at INTEX Osaka Japan from September 24<sup>th</sup> 2014. The number of exhibitors in 2014 is expected to reach 980 from all around the world. This figure is the largest ever in the history of Manufacturing World Osaka and is a 21% increase from last year. The number of visitors is expected to be 43,000 and they will pack the show floor during the 3-day show period. Recently more international companies are targeting Japan market as the business field, and Japan has just started preparation for the Tokyo Olympic 2020 so the prospects of Japan market will be getting more active towards 2020.

## Korea Metal Week 2014

**Date: Sep. 16-19, 2014**

**Korea International Exhibition Center (KINTEX)**

The show is a key event for machinery industry professionals. It already established itself as the biggest metal industry and machinery fair in Korea. Korea Metal Week has grown constantly and in the year 2013, 281 companies/ organizations from 19 countries participated with the scale of 20,778 persons visiting their booths. In the 2014 fair, it is expected that 300 exhibitors and 25,000 visitors will attend. Korea Metal Week 2014 comprises seven fairs integrating all metal production technologies such as Fastener & Wire Korea, Die Casting & Foundry Korea, Automobile & Machine Parts Korea, Press & Forging Korea, Tube & Pipe Korea, Metal Surface Treatment & Painting Korea and our new show, 3D Printing Technology Korea. To anyone who would like to expand distribution channel and strengthen business network, we strongly recommend attending this grand event.
