1st **AEROSPACE TECHNOLOGY & COMPONENTS EXPO** AeroTech

1st **INDUSTRIAL AI/IoT EXPO**

1st **ADVANCED 3D PRINTING EXPO**

Manufacturing World Japan 2019 is coming back at Tokyo Big Sight from February 6 - 8, 2019. It is world's leading trade show for the manufacturing industry.

According to the huge support from manufacturing industry of Japan and all around the world, the number of exhibitors in 2019 is expected to reach 1,530. The number of visitors is expected to be 80,000 and they will pack the show floor during 3 days show period. From the survey of visitor pre-registration, motivation of visitors for purchasing from exhibitors is extremely high.

Huge Number of Major Companies are Exhibiting!

Many major companies from all around the world are exhibiting in Manufacturing World Japan 2019. They are unveiling the world's latest or world's cutting-edge technologies, solutions, products which are "Must-See" for all professionals working in manufacturing industry. Don't miss this opportunity to catch up the world's latest solutions for manufacturing!

Keynote & Special Sessions – Industry Leaders Address Their Latest Topics

Keynote & Special Sessions will be held as the concurrent events of trade show. Top industry leaders from global leading companies will reveal their latest topics for manufacturing innovation, IoT technology, smart factory, IT strategy for manufacturing industry, etc. 13,925 attendees in 2018 show.

Fastener Fair Stuttgart 2019

德國司徒加特螺絲展 | 03/19-21 |

Stuttgart Exhibition Grounds**FASTENER**

WORLD

Visit us : Hall 5
Booth No. 2690

Fastener Fair Stuttgart 2019, the world's leading exhibition for the fastener and fixing industry, will take place from 19 – 21 March 2019 in halls 1, 3 and 5 at the Stuttgart Exhibition Grounds in Germany. Due to a further expansion of the exhibition space this year, offering a total of 22,000 net square metres in total, the exhibition has already exceeded the total stand space of the previous event in 2017. More than 97% of the total available stand space has been booked so far.

Around 900 companies from 40 countries will be present with a stand at the 8th International Exhibition for the Fastener and Fixing Industry in March 2019. Germany, Italy, Spain, the United Kingdom, the Netherlands and France are the major European exhibitor countries. Asian exhibitors mainly come from Turkey, China, India and Taiwan.

Fastener Fair Stuttgart 2019 takes place in halls 1, 3 and 5 of the Stuttgart Exhibition Grounds in Germany and can be accessed via the East Entrance. The opening times are on Tuesday 19th March and Wednesday 20th March 2019 from 9am to 6pm and on Thursday 21st March 2019 from 9am to 3pm. Entrance tickets will be available from January 2019 via the exhibition website and cost €32 via the Online Ticket Shop and €45 on-site during the show. The Exhibition Grounds in Stuttgart are located directly next to the airport and are easily accessible by car and public transport as well.

Special Area for Bonding and Adhesive Technologies

For the first time, as part of Fastener Fair Stuttgart, there will be a special area for bonding and adhesive technologies. The focus of the "Bonding and Adhesive Technology Area" especially lies on solutions which are growing in importance in modern manufacturing. They provide an excellent addition to traditional fasteners and, thus, have become a vital choice in lightweight construction, for example in the automotive and electronics industries.

Due to their unique characteristics, they offer a cost-effective solution for a range of challenges throughout a variety of industry sectors. Bonding and adhesive technologies allow the material to retain its properties, enable the use of thinner and lighter materials and are perfectly suited for composite systems.

Istanbul International Hardware Fair

土耳其國際五金暨手工工具展

03/14-17 | Istanbul Expo Center

The International Istanbul Hardware Fair will be held in three halls for the third edition in Halls 9,10 and 11 of Istanbul Expo Center on 14-17 March, 2019. The fair was almost fully booked four months before the fair launches.

By hosting a large number of guests (both national and international), the International Istanbul Hardware Fair brought together producers, importers, vendors and consumers. The fair also brought procurement delegations and participants together, to prepare the groundwork for important business cooperation to help to develop the sector.

The International Istanbul Hardware Fair gave participants an unforgettable experience through informative presentations and activities, entertaining stand shows and live performances. Over 100 participants, who exhibited top product groups in many different fields such as electrical hand tools, mechanical hand tools, safety products, abrasives, machines, etc.

Fastener Expo Shanghai | 06/26-28**上海緊固件專業展暨第十屆上海汽車緊固件展****National Exhibition & Convention Center (Shanghai)**

From the 26-28 June 2019 a vast number of the industry's leading companies will convene in Shanghai. Following the significant success of the recent 2018 exposition, which brought 633 exhibitors, 2019 sees a growth to over 700 exhibitors and 30,000 visitors. Occupying 60,000 sqm, next year promises an impressive display of products including non-standard pieces, fasteners for industrial application, fastener manufacturing technology and equipment, mould and consumables for fasteners, raw materials, and even related support products and techniques.

The 10-year anniversary will also mark the expansion into a new type of fastener: ITE is proud to introduce building fasteners, an unique area never showcased before. The 2019 Exposition hopes to provide an interactive and unique experience for all those involved; Face-to-face services will also be offered allowing visitors to be matched to exhibitors in advance and a variety of seminars and conferences will be available allowing visitors to further expand their understanding of the industry.

FASTENER
WORLDVisit us : Hall 3
Booth No. 3C125**International Fastener Manufacturing Exposition | 05/14-16****美國亞特蘭大緊固件機械暨相關設備展 | Georgia World Congress Center, Atlanta**

The International Fastener Manufacturing Exposition (IFME) is set for May 14-16, 2019 at the Georgia World Congress Center in Atlanta. The three-day event is co-located with INTERWIRE 2019. IFME is a breed apart from many other fastener industry events in the USA.

Every attendee stepping into your booth will be actively involved in the design, development and manufacture of the full-range of industrial fasteners and precision formed parts—for every application. Simply stated, as a manufacturing show, IFME is not intended for distributors, re-sellers or end-users which means that as an exhibitor you will not have to spend valuable time and effort sorting out and determining who are the qualified prospects and potential customers for your products.

As a leading supplier to the North American fastener and precision formed parts manufacturing industry, IFME is a prime opportunity to meet your buyers and prospects—up-close and personal.

Fastener Fair USA**美國底特律螺絲展****05/22-23****The Cobo Center****FASTENER**
WORLDVisit us :
Booth No. 911

Fastener Fair USA brings together manufacturers, distributors, suppliers, OEMs, and end users. It will be the meeting place for fastener professionals in 2019 for the chance to see the latest technology and solutions; unparalleled industry education for professionals of all levels and industries; a new bonding and adhesives pavilion; professional networking opportunities; and a convenient location in the heart of the Midwest manufacturing region.

Last year, 255 exhibitors from 20 countries showcased products, equipment, and solutions. Attendees can easily discover and connect with manufacturers of industrial fastener, fixing, and joining solutions, leading to collaborations to solve product design business challenges. No matter where someone is in the supply chain, they'll appreciate seeing the latest technologies, innovations, and solutions for their business all in one place.

Fastener Fair USA will offer a unique opportunity to get the latest industry information, forecasts, and technical education with keynotes and breakouts for all levels of experience, industry focus, and visitor segments. Educational sessions are taught by industry experts like Lammert DeBoer, Global Director of ZinKlad, DecoKlad & XMAPP (Quality Performance Systems) at MacDermid Enthone Industrial Solutions and Graham Immerman of Machine Metrics. ■
