

FASTENER WORLD'S EXHIBITION PREVIEW

arranged by Fastener World

International Fastener Manufacturing Exposition

05/14-16

Georgia World Congress Center, Atlanta

The International Fastener Manufacturing Exposition (IFME) is set for May 14-16, 2019 at the Georgia World Congress Center in Atlanta. The three-day event is co-located with INTERWIRE 2019. IFME is a breed apart from many other fastener industry events in the USA.

Every attendee stepping into your booth will be actively involved in the design, development and manufacture of the full-range of industrial fasteners and precision formed parts—for every application. Simply stated, as a manufacturing show, IFME is not intended for distributors, re-sellers or end-users which means that as an exhibitor you will not have to spend valuable time and effort sorting out and determining who are the qualified prospects and potential customers for your products.

As a leading supplier to the North American fastener and precision formed parts manufacturing industry, IFME is a prime opportunity to meet your buyers and prospects—up-close and personal.

Korea Metal Week 06/19-21 KINTEX

On the total area of 21,546 square meters, Korea Metal Week 2019 will be held from June 19(Wed.) to 21(Fri.) at Hall 2-3, Exhibition Center 1, KINTEX in Goyang City, S. Korea. In 2019, Korea Metal Week will exhibit more wide-ranging and gather more sellers & buyers by newly-launching Control, Measurement and Automation applicable to the fastener industry.

Fastener & Wire will showcase various exhibits as below.

- Bolt / Nut Products & Equipment
- Automobile Parts / Fastening Products & Subsidiary Materials
- Wire Production & Manufacturing

Also, it will concurrently be held with Press & Forging, Tools, Automobile & Machine Parts, Tube & Pipe, 3D Technology, Foundry

Fastener Fair USA 05/22-23

The Cobo Center

Fastener Fair USA brings together manufacturers, distributors, suppliers, OEMs, and end users. It will be the meeting place for fastener professionals in 2019 for the chance to see the latest technology and solutions; unparalleled industry education for professionals of all levels and industries; a new bonding and adhesives pavilion; professional networking opportunities; and a convenient location in the heart of the Midwest manufacturing region.

Last year, 255 exhibitors from 20 countries showcased products, equipment, and solutions. Attendees can easily discover and connect with manufacturers of industrial fastener, fixing, and joining solutions, leading to collaborations to solve product design business challenges. No matter where someone is in the supply chain, they'll appreciate seeing the latest technologies, innovations, and solutions for their business all in one place.

Fastener Fair USA will offer a unique opportunity to get the latest industry information, forecasts, and technical education with keynotes and breakouts for all levels of experience, industry focus, and visitor segments. Educational sessions are taught by industry experts like Lammert DeBoer, Global Director of ZinKlad, DecoKlad & XMAPP (Quality Performance Systems) at MacDermid Enthone Industrial Solutions and Graham Immerman of Machine Metrics.

& Die Casting, Fundamental Manufacturing Industry, Aluminum, Metal Surface Treatment & Painting, Laser & Welding, Pump Technology, Composite, Control, Measurement and Automation.

With subtitle 'Advanced & Convergence Technology', Korea Metal Week 2019 will invite experts of global automobile company such as Mercedes-Benz, BMW, Volkswagen, etc as keynote speakers. Also, through group invitation of their purchase department, the match-making service will be provided to the exhibitors for business meetings.

Although Korea is not a big market in Asia, Korea Metal Week is the best marketing place to see the trend of the latest technologies in relevant industries.

Fastener Expo Shanghai 06/26-28

National Exhibition & Convention Center (Shanghai)

From 26-28 June 2019 a vast number of the industry's leading companies will convene in Shanghai. Following the significant success of the recent 2018 exposition, which brought 633 exhibitors, 2019 sees a growth to over 700 exhibitors and 30,000 visitors. Occupying 60,000 sqm, next year promises an impressive display of products including non-standard pieces, fasteners for industrial application, fastener manufacturing technology and equipment, mould and consumables for fasteners, raw materials, and even related support products and techniques.

The 10-year anniversary will also mark the expansion into a new type of fasteners: ITE is proud to introduce building fasteners, an unique area never showcased before. The 2019 Exposition, hopes to provide an interactive and unique experience for all those involved; Face-to-face services will also be offered allowing visitors to be matched to exhibitors in advance and a variety of seminars and conferences will be available allowing visitors to further expand their understanding of the industry.

Hand Tools & Fastener Expo

09/20-22

Bombay Exhibition Centre, Mumbai, India

The 18th edition of HAND TOOLS AND FASTENER EXPO 2019, Indian subcontinent's largest and only sourcing point for quality Hand Tools, Power Tools & Fasteners is scheduled to be held from 20th -22nd September 2019 at Bombay Exhibition Centre, Mumbai, India. The exhibition will showcase quality, special and high-end Hand Tools, Power Tools, Fasteners and Specialty Tools etc. used in the industries such as Automobile & Auto Service, Heavy Engineering, Construction & Infrastructure, Woodworking & Furniture, Gardening & Horticulture, Aviation etc.

The well-established event will be the confluence of the international & national Hand Tools, Power Tools & Fastener

manufacturers, and key personnel from the industries in special focus, Distributors/Retailers, Exporters, Industrial Suppliers etc. It is here the future oriented information exchange, discussions, decisions, buying-selling and investments will take place.

The event features a wide range of latest products in the related segments from Indian and international manufacturers & suppliers. The HAND TOOLS AND FASTENER EXPO 2019 has exclusive pavilions for manufacturers from China and Taiwan.

MACTECH 11/14-17

Egypt International Exhibition Center

Indisputably, Egypt is one of the prime key players in the MENA region when it comes to the metalworking machinery and industrial tools sectors; with a total market size valued at US\$2 billion.

Riding on the wave of up-and-coming developments in the industrial sectors; the metalworking machinery and industrial tools imports in EGYPT is expected to surge at a compound yearly growth rate close to 15%.

MACTECH will be held at the prestigious venue Egypt International Exhibition Center during the period 14-17 November 2019; as a distinctive trade happening; where steady stream of consistent amazing arrays of metalworking, CNC machinery industrial tools, welding and cutting equipment are obtainable in a prevailing mood; escalating the industrial community's awareness of trends and tendencies in a market that is poised to be the world's next foremost industrial hub.

Gathering the world's brightest minds in metalworking, CNC machinery industrial tools, welding and cutting equipment; whilst adding-in new pulse and overwhelming insights to the markets it served; MACTECH acts as the most comprehensive tightly focused trade exhibition serving thousands of Egypt's most vigorous well-off industrialists, representing Millions of Dollars in investment chattels; in search for a stepping-stone towards sourcing the most advanced machinery and equipment.

For 18 consecutive editions; "MACTECH"; indeed; has shown power to reach, target and attract thousands of qualified trade buyers; structuring the most influential compact trading alliances in industrial markets; the show is targeting 18,000 visitors in 2019.

The Fastener Exhibition and Conference, Birmingham

09/11-12

NEC

The Fastener Exhibition and Conference is taking place on the 11th & 12th September 2019 at the NEC in Birmingham. The show is expected to welcome 3,000 key buyers & decision makers from leading manufacturers, international wholesalers, OEM's and local stockists from the Fastener & Fixing Industry.

The UK manufacturing industry employs 2.7 million people and accounts for 45% of total exports in the country, which clearly showcases just how important it is and how much it contributes to the economy.

The Fastener Exhibition and Conference is what the UK's design engineers, production professionals, distributors, senior manufacturing industry bosses and fastener buyers have been waiting for. It's the one place for everyone within the fastener industry to gather under one roof and celebrate everything within the fastening, bonding and assembly space.

Visitors will be made up of senior decision makers; CEOs, Industrial Stakeholders, Distribution Directors, CTOs and Directors from design engineering, production and manufacturing within aerospace, automotive and marine industries. Assembly, distribution and logistics managers in installation services, furniture manufacturing and communication technologies.

The exhibition provides fastener companies with a dedicated platform to showcase their innovations, exchange expertise and develop business partnerships. It also acts as a trading forum and networking environment, offering valuable insights into future technologies and market trends.

The main focus of our show will be responding to the trends of the fastener industry; how the changing innovation within the manufacturing industry directly affects the fastener and fixing industry, and how those who respond to those needs most efficiently will grow their businesses very quickly.
