

一流精密铆接紧固件专业厂 东莞市昕艺精密五金有限公司

# First-rate Clinching Fastener Manufacturer Dongguan Grand Metal Company Limited

## From OEM to Independent R&D

Founded in September 2003, Dongguan Grand Metal offers various standard clinching fasteners including A286 SP clinch nuts, ISO13918-compliant welded standoffs and studs, panel screws, rivet nuts, cage nuts, brass inserts and CNC parts. The company was initially an OEM to domestic clients before it began independent research and development on clinching fasteners. It went beyond by recruiting German specialists to do welding tests and mounting to sheet to optimize design. It studies welded and clinching fasteners performance and provides clients with solutions to clinching.

## High Quality Manufacturing Equipment for Automotive Grade Products

Grand Metal has a full set of clinching products from size M2 to M12, using good materials from qualified steel plants guaranteeing 50% higher quality and performance (torsion, thrust) than what the industry requires. The company is on par with automotive industry quality and is certified to IATF 16949. It offers Geomet, Dacromet, and Zinc-Nickel alloy surface treatment as well as eco-friendly electroplating and heat treatment.

Its equipment originates mainly from Taiwan and Germany known for high quality and therefore is stable and highly precise. It also has auto packaging machines, auto optical sorting machines and auto feeding machines that it developed with suppliers.

## 300% Capacity, 20% Revenue Growth, One-stop Supply

The company is backed by certificates and guarantees quality. It exports up to 1000 million fasteners a year which take up 60% of total sales and targets sales in Europe, Asia Pacific, the U.S., Singapore, India, New Zealand, Russia, Australia and South America.

Its new plant in Dongguan City of Guangdong Province was built to increase capacity by 300% and will commence operation in 2023. Overseas warehouses are planned to come up in the next two to three years to shorten lead time. Today, Dongguan Grand Metal has emerged as a first-rate clinching fastener manufacturer with more than 20% expected growth in future revenues. ■

### Main Products:

- ▶ Self-Clinching Studs, Nuts, Standoffs
- ▶ Rivet Bushes
- ▶ Welding Studs and Standoffs
- ▶ Brass Inserts for Plastics
- ▶ Cage Nuts
- ▶ Rivet Nuts
- ▶ Customized Parts via Cold Forging, CNC, Turned

### Strengths:

- ✓ Producer in China
- ✓ IATF 16949 QMS certificated
- ✓ PPAP package and IMDS for automotive industry
- ✓ Automatic Optical Sorting 100%
- ✓ Full range for sheet metal fasteners and 200 million stocks
