

宁波驰芯 37 年技术深耕，铸就国际品牌实力

NINGBO CISINE FASTENER

37 Years of Technical Excellence Towards Global Brand Strength

Since its founding in 1988, Cisine has continuously innovated and developed into a specialized manufacturer and service provider integrating R&D, design, production, sales, and service of fasteners and blind rivets. After 37 years of experience and refinement, Cisine has not only earned the high trust of users both domestically and internationally but also established the well-known brand "CISINE FASTENER" for fasteners and the "NBCX RIVETS" series for rivet products.

Its factory covers 6,500 square meters, with a total site area of 7,000 square meters, equipped with nearly 100 advanced production machines following international production standards. Paired with strict quality testing processes, this ensures every batch of products leaving the factory meets clients' high standards. The technical team has strong R&D capabilities, continuously launching innovative products to meet diverse client needs, and also offers various delicate small packaging options for DIY users.

Strict Quality Control; Client Satisfaction Exceeds 95%

Cisine prioritizes quality control and has obtained ISO 9001:2008 international quality management system certification. Strict standards are implemented from raw material procurement to finished product shipment. The raw material inspection pass rate exceeds 95%, and finished product pass rate is maintained at 100%, ensuring every product is of excellent quality and withstands rigorous inspection, fully reflecting the corporate tenet of "Quality First, Users Foremost."

Diverse Products, Wide Industry Applications

Materials include aluminum, steel, copper, iron, stainless steel, and more. Products are widely applied in industries such as aviation, shipbuilding, automotive, communications, electronics, mechanical equipment, decoration, containers, home appliances, luggage, furniture, and electrical instruments. The products serve markets throughout China and are exported to over 50 countries and regions across Europe, the Americas, and Asia. The company mainly serves B2B clients, successfully meeting the stringent requirements of domestic and international industry clients.

Favored by Large Enterprises, Growing Overseas Brand Influence

With solid product quality and a complete production system, the company has built a good reputation in international markets and is favored by many large enterprises in Europe, the U.S., and Asian countries. It continuously optimizes service processes, strives to enhance client experience, and aims to demonstrate its strength to potential clients in various industries, seeking collaboration opportunities to expand market presence.

As one of the most established companies in the Ningbo area, Cisine is dedicated to providing high-quality, reliable fastener solutions to clients worldwide. With increasing international competition, it will continue to strengthen R&D capabilities and production efficiency, and actively introduce advanced equipment and management models. Its over three decades of craftsmanship has created an outstanding benchmark in the rivet and fastener industry. Cisine is working together with global partners to create a brilliant future. ■
