

Fastener Fair India 2019

25-26 April 2019

India's premier exhibition for the fastener and fixing industry returns to Mumbai in 2019

The 'Gateway to India', Mumbai, hosts the seventh edition of Fastener Fair India. High profile Indian and international companies will, once again, showcase a comprehensive range of industrial fasteners and fixings, assembly and installation systems, storage and logistics services, fastener manufacturing technology and construction fixings. The exhibition takes place from 25-26 April 2019 at the Bombay Exhibition Centre, in Mumbai.

In 2018, Fastener Fair India was held in the country's capital city, New Delhi and ended with positive results. Over 140 exhibiting companies were present at the two-day event, highlighting market innovations to a highly qualified audience of 3,316 (compared to the last edition of Fastener Fair India held in New Delhi, visitor numbers increased by over 30%). The majority of exhibitors were India-based companies. However, a lot of exhibitors were non-domestic, namely from China, Taiwan, Germany, South Korea, Japan and Turkey.

Fastener Fair India 2019 provides excellent networking opportunities to all industry professionals, including distributors, suppliers and engineers. Companies interested in exhibiting at Fastener Fair India 2019 can find more information at <http://www.fastenerfair.com/india/mumbai/english/>.

CE, ISO_TS16949

The Homn Reen Enterprise Group was established in 1985, and has received various industry accolades for its extensive product line of standard and customized small screws.

As part of a comprehensive product quality control effort, Homn Reen established its own wire-drawing plant in 2011 to ensure the integrity of source materials before cold forming.

Homn Reen has also expanded in-house capabilities in its Vietnam factory which began operation in 2010. The company reported that an electroplating line has been established in order to achieve more integrated production operations and better control over quality.

The company's export business continues to grow as it has attained various certifications and patents, such as CE for the European market, and IATF for the automotive market.

KAICHIH CHANG

T 886-4-25668328 F 886-4-25668353

chirefasteners@gmail.com chirek.com.tw/

Chirek Fastener Corporation was established in 1991. We have over 25 years of experience in international and domestic sales of construction fasteners. We specialize in bi-metal self-drilling screws, anti-corrosion self-drilling coating screws, heavy structural bolts, stainless steel bolts, hex socket cap screws, anchors, nuts and washers. Not only can we provide standard products such as ASTM, JIS and DIN but also can offer customized products according to our clients' design. With a 5000m³ warehouse here in Kaohsiung, Taiwan, Chirek has more than 2,000 tons of heavy structural bolts, bi-metal self-drilling screws, stainless steel bolts, hex socket cap screws, nuts and washers in stock. Due to the huge stock of available products, our lead time is short. Moreover, we are willing to accept small volume orders.

CE

Chun Chan Tech(CCT) was founded in 2004. We devote ourselves to researching and producing precise sorting machines. By integrating modern technology (optical, vision, eddy current and other precision equipment), CCT self-developed software and automatic equipment help customers enhance sorting quality and efficiency. Our sorting equipment applies to the inspection of fasteners, bolts, nuts, electronic part, rubbers, metallurgical powders, and other potential products. With the efforts made by our staff, CCT has grown and boost sales rapidly in short years. We have got numerous appreciation not only from domestic customers, but also from global customers in America, Europe, Asia, Middle East. In the meantime, we have accumulated abundant knowledge and experiences of R&D through interaction with customers. CCT focuses on self-developed software and provides customers with comprehensive services. Therefore, customized design is always welcome. Our optical sorting machine features high precision and low misjudgment. In addition, we value customer service under the unchangeable policy: customer satisfaction. We sincerely invite you to join us. Let CCT be your best partner!
