BUYERS' GUIDE

2022 **Fastener World Suppliers Directory**

“Grasp all best suppliers into
your pocket at once”

With the continuous rise in corporate operating costs these days, how to find out a purchasing source that is the most labor and time saving has been a priority for every “smart” purchaser to do. Don't waste your time again on doing aimless Google search and finding out nothing that suits your needs!

In the BUYERS'GUIDE of Nov. this year, we have made our effort as possible as we can to include the most reliable and well-known suppliers from the field of finished/semi-finished fasteners, wire coils/rods, raw materials, molds & dies, processing machines, secondary processing equipment and peripheral logistics service, which have been well-known for their technology, quality, and service for years, making each of your purchase the fastest and most efficient one.

Scan and View

More ergonomic layouts of the supplier directory to make your search quicker and simpler. Just scan any QR Code of a certain supplier that interests you with your smart phone, you are able to view the detailed suppliers' profiles including contact info, products & service, certification & and patents immediately.

Not enough yet?

Try our most unobstructed purchasing approach -
Fastener World Global Sourcing Network

ABIS INNOVATIVE TECHNOLOGY CO., LTD.
亞比斯創新科技股份有限公司

ADOLF WÜRTH GMBH & CO. KG TAIWAN BRANCH
德商阿道夫伍爾特有限公司台灣分公司

AFP Acid Free Pickling process
A revolutionary process to truly replace acid!

No more acid
Completely remove the object's oxide layer

No more waste water and soil to deal with
Environmental friendly

Lower cost and higher production efficiency

It's time to protect our Earth in a much better and safer way!

ABIS LT.

READY FOR WÜRTH?

Do you produce assembly and fastening materials?
你專精於生產螺絲釘與螺絲母及螺絲釘嗎?

Do you have innovations and new ideas?
你的產品有強強的人以及創新的想法嗎?

Do you have production capacities?
你有自己或外廠生產的高產能設備嗎?

Is your main target the professional quality market?
你的主要目標是面向專業及高品質的市場嗎?

THEN YOU MIGHT BE THE FUTURE PARTNER FOR US.

The Würth Group is a world leader in its core business, for fast assembly and fastening material. Currently, more than 100,000 companies in more than 80 countries use Würth products and 15,000 employees are employed in the core business. The Würth Group, the product range for fast and safe assembly consists of 17,000 different fasteners, from screws, nuts and washers to bolts, special technical products and special product systems.

GREENSLADE & COMPANY, INC.

GREENSLADE & COMPANY, Inc.
 Serving the Fastener Industry Since 1978

Greenslade is a manufacturer of precision measuring equipment for the fastener industry. We furnish a wide selection of top-quality fastener inspection equipment designed to provide efficient, accurate measurements. Our state-of-the-art, accredited calibration service furthers our quality system to provide the highest standard of service. Our mission is to contribute to the success of our customers by affording them the lowest cost, most prompt, and most error-free dimensional calibration services available.

Save Money by Using Greenslade's **N-SPEKTR**: a Windows-based program developed to efficiently record the data acquired during either incoming or final inspection operations. Pay an annual subscription fee to use the program.
