

NCG Tools

Innovative Tools Born for Every Riveting Application

昶彰 - 為鉚接應用而生的創新工具

Founded in 1979 originally as a parts manufacturer for riveters, NCG Tools has transformed into a professional producer since 1983, dedicated to the manufacturing, export and sales of riveters featuring innovative design and improved functions. The technical expertise of its team, supported by new technologies and capabilities as well as its wealth of experience in troubleshooting customers' technical issues, have allowed the company to build a solid foundation to innovate riveting solutions best suited to its customers' needs. These innovations include the best-selling "2-in-1 Drill Attachment for Fastening Blind Rivets & Rivet Nuts (AU103)", "Compact Heavy Duty Multi-Function 2-in-1 Fastening Tool (HF303)" and "Hand Riveter J705".

2-in-1 Drill Attachment for Fastening Blind Rivets & Rivet Nuts

The **AU103** model enables users to fasten blind rivets and rivet nuts using cordless drills, allowing fast and effortless fastening operation. Its **patented Omni-Mandrel System** allows the use of screws of any head type as mandrel for fastening rivet nuts, and allows to fasten blind rivets by simply changing accessories.

AU103

Compact Heavy Duty Multi-Function 2-in-1 Fastening Tool

With a compact size of only 270 mm in length, an all steel and aluminum construction, and the full rivet fastening range of 2.4-6.4 mm, the **HF303** model **allows the users to fasten blind rivets or rivet nuts with only one tool set**. Customized and specialized mandrels are not needed anymore.

HF303

J705

Modern Hand Riveter

The **J705** model is an easy-to-use industrial grade riveter for users to **easily fasten sheet metals together with blind rivets or any other applications requiring the use of blind rivets**. It also features a strong aluminum body frame.

The innovations of NCG Tools have always been impressive to users in every practical application. The 360 degrees swivel head, multi-function fastening capability, foldable handle, and the unique omni-mandrel system are all manifestations of NCG's leadership in providing customers with better riveting performance and experience. ■
