The Largest Taiwan Hardware Show Set to Ignite in Taichung's Manufacturing Hub

【全台最大五金工業生態系】2026 TiTE x IHT 規模上看千攤！

The **2026 Taiwan International Tools & Hardware Expo x International Hardware Expo Taiwan (TiTE x IHT)**, co-organized by the Taiwan Hand Tool Manufacturers' Association (THTMA) and Lanza International Co., Ltd., will take place from **October 20–22, 2026**, at the **Taichung International Convention and Exhibition Center (TICEC)**. Under the theme **"From Manufacturing to Co-Creation: AI Empowerment & Smart Upgrade,"** the event is set to become Asia's most effective industrial sourcing platform.

Following its milestone success in 2025 as the inaugural event for the TICEC—which attracted buyers from over 70 countries—TiTE x IHT is seeing unprecedented momentum. For the 2026 edition, over 300 enterprises have already registered, with booth bookings surpassing 700. Organizers anticipate the scale to reach 500 exhibitors and over 1,000 booths, solidifying its status as Taiwan's largest and most integrated hardware industrial ecosystem.

By hosting the event in Taichung, the heart of Taiwan's hardware, metal processing, and precision machinery clusters, TiTE x IHT offers a unique strategic advantage that city-center exhibitions cannot replicate. Taichung is rapidly becoming the essential hub for global supply chain realignment.
